📖 LeetCode: yuvraj_bhalerao (Global Rank: 61,969/705,821 in June 2025)

Objective

Detail-oriented and highly motivated Python Developer with a strong foundation in data structures, algorithms, and object-oriented programming. Skilled in developing scalable backend solutions, automating workflows, and analyzing data using Python. Actively seeking Python development opportunities to contribute robust solutions and grow in a collaborative and agile environment.

Education

Bachelor of Technology – Big Data Analytics
Parul University | 2023 – 2027

Senior Secondary (XII), CBSE
St. Pius Higher Secondary School, Khandwa | 2023
📊 Percentage: 81.33%

Secondary (X), CBSE
St. Pius Higher Secondary School, Khandwa | 2021
📊 Percentage: 92.40%

Technical Skills

- Languages: Python, SQL
- Concepts: Data Structures & Algorithms, OOP, RESTful APIs
- Tools & Frameworks: Pandas, NumPy, Flask, Power BI, Tableau, Git
- Other: Automation, Scripting, Data Cleaning
- Soft Skills: Analytical Thinking, Team Collaboration, Communication

Certifications

- Python (Basic) – HackerRank
- Python Essentials 1 & 2 – Cisco
- Get Started with Python – Google

- Introduction to Programming Using Python – GeeksforGeeks
- SQL Intermediate – Sololearn
- Advanced Data Structures and Algorithms – Packt
- DSA Masterclass – Packt
- Coding Interview Preparation – Meta

Projects & Experience

Python Automation & Backend Development

- Developed Python scripts for data extraction, transformation, and report generation
- Built REST APIs using Flask for student project submission and evaluation system
- Automated repetitive Excel-based reporting tasks for academic data

Data Analysis & Visualization

- Performed data analysis on business and academic datasets using Pandas and NumPy
- Created dashboards in Tableau and Power BI to visualize student performance trends
- Participated in ML projects that involved model training on real-world data

Achievements & Public Profiles

- Winner: “Code Infinity” – Projections 2025, Parul University
- LinkedIn Followers: 3,470+ (as of 8th July 2025)
- LeetCode Global Rank: Top 10%(61,969/705,821 in June 2025)

Languages

- English – Professional Proficiency
- Hindi – Native
- Punjabi – Conversational
